EDUCATION

NMAM Institute of Technology — **Aug 2023 – May 2027** | *Karnataka, India*
B. Tech. in Information Science and Engineering; GPA: 8.58

SKILLS SUMMARY

- **Programming Languages:** Python, JavaScript, SQL
- **Web Development:** HTML, CSS, React, FastAPI
- **Machine Learning:** Scikit-learn, NumPy, Pandas
- **Computer Vision:** OpenCV
- **Databases:** MySQL, MongoDB
- **Tools & Technologies:** Git, GitHub, VS Code, Postman
- **Soft Skills:** Self-learning, Adaptability, Problem Solving

WORK EXPERIENCE

GoPerch Innovations Pvt. Ltd., *Full Stack Developer Intern* — **05/2026 – Present** | *Hyderabad, India*
- Developed and enhanced full-stack web application features using React and FastAPI.
- Built modules for inventory, planning, employee management, and approval workflows.
- Implemented workflows for barcode processing and approval systems.
- Investigated production issues, resolved frontend/backend bugs, and performed testing.
- Collaborated with the engineering team using Git and GitHub.

PROJECTS

ArUco Marker-Based Distance Measurement System — **Oct – 2025**
- Developed a real-time Python and OpenCV system for nasal-jaw distance measurement.
- Used camera calibration and ArUco markers to achieve millimeter-level accuracy at ~150 FPS.

VidSnapAI: AI Short-Form Video Generator — **Feb–2026**
- Built a Flask web application to generate short-form videos from uploaded media.
- Integrated ElevenLabs TTS and FFmpeg for automated voice generation and video processing.

ML Benchmark: Credit Card Fraud Detection — **Mar–2026**
- Built a machine learning pipeline to detect fraudulent credit card transactions.
- Applied SMOTE for class imbalance and developed a Streamlit dashboard for model evaluation.

PUBLICATIONS

Computer Vision System for Real-Time Nasal–Jaw Distance Measurement in Dental Applications — **2025**
- Published in IEEE ICCES 2025 Conference Proceedings (Indexed in IEEE Xplore).

A Comparative Analysis Framework for Automated Human Detection — **2026**
- Accepted for publication in Springer ICTIS 2026 Conference Proceedings.
